A DRUNKARD'S CRIME

Sad Ending of a Worthless Career in Cleveland.

WHITELEY SHOPS TO RESUME.

Jail Delivery Nipped in the Bud at a Pistol's Point—McArthur Man Ridden on a Rail and Tarrad and Feathered—Miner Killed Hoffer May Run For Congress. Other Ohio News.

CLEVELAND, Nov. 26.—Bushrod Kelch for several years has done little but drink whisky and loiter about saloons. A few weeks ago his wife obtained a divorce from him. Yesterday afternoon at 5 o'clock, while drunk, he went to 210 Willy street, where his wife has been living, and coming upon her a short distance from the house, shot her in the right temple. He then shot himself in the center of the forehead. Ambulances conveyed them to the Deaconess' hospital, where Mrs. Kelch died immediately upon her arrival. It was ascertained that the bullet in Kelch's head had gone between the two lobes of the brain. It was extracted and he will probably recover.

Jail Delivery Nipped in the Bud. GALLIAPOLIS, O., Nov. 26.—A desperate attempt at a wholesale jail delivery was nipped in the bud here by the prompt action of Deputy Clarence Martin. A piece of bread was ingeniously placed in the lock so as to give it the appearance of being locked. Jesse Stone, a desperate burglar, armed with a club, was ready to make a rush, when they were stopped at the door by Martin's revolver, and the men were immediately locked in their cells. Stone became early and refused to be locked up, but obeyed at the point of a revolver.

Ridden on a Rail. MCARTHUR, O., Nov. 26.—Sunday night a man named C. H. Rogers was ridden on a rail. After going through this quest: an performance for a while he was treated to a dose of tar and feathers. The affair occurred at the fair grounds at this place. The sheriff arrived on the scene and prevented further maltreatment of the culprit. The sheriff advised him to take to the woods at once, which he obeyed. The offense against Rogers was speaking disrespectful of one of our lady school teachers at this place.

Blocked in a Tunnel. COLUMBUS, O., Nov. 26.—An east-bound dressed beef train broke in two and ran together in a tunnel near Stenbenville and trains on the Panhandle road have been delayed for 15 hours, the wreck completely blocking the road. No. 21, due at 7 a. m., bearing the remains of the late Edwin A. Myers of the Pittsburg Post is one of the delayed trains.

A Miner Instantly Killed. ALLIANCE, O., Nov. 26.—Jacob McQuiston, a well known coal miner, residing east of this city, has been missing from home since Saturday. Yesterday his son found his remains lying in the bushes near the Port Wayne railroad tracks a short distance from his home. It is supposed he was struck and instantly killed by a passing train while returning home from town Saturday evening. He leaves a wife and large family.

The Whiteley Shops to Open. SPRINGFIELD, O., Nov. 26.—Lawyer W. A. Scott, who went to London, England, to get a British syndicate to take hold of the big Whiteley shops, is home. It is said that he was successful, and that the big shops will be started up soon. Harry Moorhead of Cincinnati was one of the promoters.

Church Dedication. WARREN, O., Nov. 26.—The new Zion Reformed church here was dedicated Sunday and Monday. Among the speakers were Rev. V. Etch of Heidelberg university, Tiffin, O.; Rev. D. G. Fouse of Lisbon, Ia., and Rev. F. Mayer of Youngstown.

Papa Was Disturbed. MARION, O., Nov. 26.—William H. Drake, the one-armed, one-legged bicycle rider, and Miss Ada Roberts, the charming daughter of City Councilman Thomas R. Roberts, eloped and were married. Papa was disturbed.

Denies the Charge. COLUMBUS, O., Nov. 26.—David Smith, a laborer of Long and Scioto streets, was arrested at an early hour charged with throwing his daughter, a young woman, into a vault. He denies the charge.

Aunt Ruth Victim Dies. SANDUSKY, O., Nov. 26.—Peter Nelson, one of the victims of the Aunt Ruth tragedy on Lake Erie several days ago, died at the county jail. Nelson was shot in the neck.

May Run For Congress. GREENVILLE, O., Nov. 26.—The Christian church tabernacle was crowded Sunday to hear Rev. C. W. Hoffer preach. Hoffer may run for congress next year.

New Oil Well. UPPER SANDUSKY, O., Nov. 26.—This city is jubilant over an oil well drilled a mile north of town, which promises at least 200 barrels per day.

WEST FOR M'KINLEY.

Senator Thurston and Governor-Elect Bushnell Interviewed in New York.

NEW YORK, Nov. 26.—Senator John M. Thurston of Nebraska is at the Fifth Avenue hotel. In an interview he said:

"The Republicans of Nebraska are for McKinley for the next presidential candidate first, last and all the time.

"The strength of the Ohio man in the west comes from the fact that the working people believe in him. They know that under the McKinley law they are getting more pay than they are getting now. Business was, generally speaking, better. They are satisfied that McKinley had something to do with it, and they want to vote for him for president."

"Do you think that the Republicans will be able to reorganize the United States senate at the coming session?" the senator was asked.

"Yes," he replied, "I believe we will be strong enough to assume control. I have been in Washington for a week and can say that at the opening of the senate the Republicans will start in and reorganize that body. I believe that all of the Populist members of the senate will vote with the Republicans this session. That at least is the understanding among the leaders now, and I do not think that anything will turn up to change the program."

Governor-elect Bushnell of Ohio is at the Holland House. In an interview he expressed the opinion that Governor McKinley would be the next Republican nominee for president.

Russell B. Harrison, son of General Harrison, is at the Imperial hotel. He said he could not talk politics at present.

HANCOCK'S REMAINS

Will Be Removed to Arlington Cemetery and a Monument Erected.

WASHINGTON, Nov. 26.—It has been decided to remove the body of Major General Winfield S. Hancock to Arlington cemetery from Norristown, Pa., where it has rested since 1886. None of the projects to erect a monument at Norristown have succeeded and the committee of the Second artillery corps has succeeded in securing the consent of members of the family to the removal.

It is planned to have the burial in Arlington take place next spring, when a monument to General Hancock, on one of the public squares in Washington, will be dedicated.

SLAIN BY INDIANS.

Mutilated Bodies of Four Trappers Found in a Remote Part of Texas.

PARIS, Nov. 26.—The bodies of three men and a boy were found in a cabin near Arthur City, on Red river. They were trappers who had been in the neighborhood several days. The men had been killed with a blunt instrument. The boy's breast was pierced by a Winchester ball.

A half-finished dog belonging to the party had eaten parts of the remains to satisfy its hunger. The body bore the appearance of having been dead for several days. It is thought the murders were committed by Indians of that section to stop the slaughter of game.

Hurricane in Louisville.

LOUISVILLE, Nov. 26.—The biggest gale ever recorded in Louisville swept over this city last night, the wind reaching a velocity of 70 miles an hour. Signs, awnings and chimneys were blown down, plateglass windows were broken and a great amount of small damage done, although up to midnight no serious trouble reported. The barometer was down to within .03 of the point at which the tornado 1890 occurred. Telegraph and telephone wires were blown down and outside communication badly crippled.

Two Children Burned to Death.

NEW YORK, Nov. 26.—Mrs. William Collins, occupying a flat in West Tenth street, left her three children locked in the rooms while she went on a short errand yesterday. In her absence the children made a fire on the floor with some newspapers, their clothing became ignited and Lillian, 5 years old, was burned to death, while Willie, 10 months old, was so badly injured that he died last night. The third child, 4 years old, was only slightly burned.

Wires All Down.

TOLEDO, Nov. 26.—The heavy western storms in this vicinity have crippled the entire telephone and telegraph service in this city. The Western Union have lost every wire into Chicago, but can work freely to Elkhart. Beyond that point the wires are snow-laden, which renders working them impossible. The Postal is working slowly and heavily, but are pushing some business through. The long distance telephones in Chicago are all down.

Lepor in New York.

NEW YORK, Nov. 26.—A leper, in whom the disease was well advanced, was found in the street yesterday. He was taken to the offices of the health board and examined by Dr. C. E. Benedict of the bureau of contagious diseases. Dr. Benedict ordered the man sent to the reception hospital. The man said he was Fito Delbo and that he came here several months ago. Lately he has been living in the tenement at Cherry street.

Wedding in High Life.

NEW YORK, Nov. 26.—The marriage of Miss Edith Rockefeller to Harold McCormick took place at 12:30 today in the apartments of Mr. McCormick. Mr. McCormick was too ill from an attack of pleurisy to leave his room.

PAUNCEFOTE CAUSTIC

In His Criticism of Senator Morgan.

THE CORRESPONDENCE ARRIVES.

Has the United States Government Any Property in the Far East According to the Paris Tribunal of Arbitration? Sir Julian's Defense Receives the Warm Approval of Premier Salisbury.

WASHINGTON, Nov. 26.—The British embassy has received from the foreign office the full correspondence respecting claims for compensation on account of British vessels seized in Bering sea by United States cruisers. The full correspondence brings out the spirit with which Sir Julian Pauncefote, the British ambassador, answered the criticisms of Senator Morgan. Informing Lord Kimberly that the house of representatives had defeated the measure for the payment of the claims, Sir Julian wrote:

"There can be no doubt that these inaccuracies were calculated to prejudice the minds of many members of congress, and also to turn public opinion against a settlement of the question, which was both equitable and advantageous to both parties."

On March 15 Sir Julian wrote an elaborate answer to Senator Morgan's criticisms on the claims. After answering one after another of the senator's statements, he adds:

"The vituperative epithets used were quite unnumbered, and I will proceed that the objection in question is not well founded in fact, and apparently is based on a mistaken view of the British navigation laws."

After quoting the British shipping laws, Sir Julian proceeds:

"Why should that American citizen be called a 'rascal'—what law has he violated by advancing money for the prosecution of a lawful Canadian industry carried on by Canadians in Canadian vessels—in what respect has the United States government been 'robbed,' considering that it has no property in the fur seal, as was solemnly adjudged and declared by the tribunal of arbitration at Paris."

"These are questions which, I submit, can only be reasonably answered in a sense absolutely fatal to Senator Morgan's contentions."

Lord Salisbury, in acknowledging the communications from Washington, wrote:

"I need scarcely say that the arguments which you bring forward in support of the validity of those claims have the entire approval and concurrence of her majesty's government. The attempt made by Senator Morgan to dispute them seems to be largely founded on misapprehension, and her majesty's government can not do so that when the full facts are laid before the public in the United States, the liability of that country to make compensation, which has never been denied by the government, will be generally recognized both in and out of congress."

BUFFALOS EXTERMINATED.

Claimed There Are But Ten Head in Yellowstone Park.

CHICAGO, Nov. 26.—A dispatch from Butte, Mont., says: It is stated in connection with the arrest of J. S. Courtney for killing buffalo in the National park that there are only 10 head of these animals left in the park and that the soldiers and park officials are unable to protect them from the poachers and that the true condition of affairs is kept from the department at Washington. There are warrants for the arrest of six others who were with Courtney in a recent raid, but so far they have eluded arrest. It is claimed other wild animals in the park are slaughtered so rapidly and remorselessly as the buffalo.

PARTIAL CONFESSION.

Young Montgomery No Doubt Committed the Triple Crime.

ALLIANCE, O., Nov. 26.—All doubt as to the guilt of Lloyd Montgomery, the 18-year-old boy accused of murdering his father, mother and Dr. McKersher, near Brownsville, has been removed. He has made a partial confession to Prosecutor McFerman. Young Montgomery said: "I killed McKersher after he had killed father and mother. He had shot them both down and shot once at me, when I seized the gun and shot him. Then I ran away from the house. The prisoner declared he did not kill his parents. The officers feel sure of his guilt now and express the belief that he will make a full confession."

Naval Officer Broken Down.

WASHINGTON, Nov. 26.—Another of the senior officers of the naval engineer corps has broken down from overwork. A telegram was received at the navy department from Mare Island yesterday saying that Chief Engineer R. K. Leach of the United States steamship Boston has been condemned by a medical board and requesting the assignment of another chief engineer to the ship. Chief Engineer Leach has already been relieved twice this year on account of ill-health, once from the Castine and once from the Alliance.

Fighting Saloons by Remonstrance.

VALPARAISO, Ind., Nov. 26.—The Woman's Christian Temperance union are circulating remonstrances against the seven saloonkeepers who are applying for licenses. The pastors of the several churches urged their congregations to sign the petitions. A bitter fight is being made.

SULTAN'S WILL

Represents the Will of God, Says the Highest Moslem Court.

BOSTON, Nov. 26.—The following letter has been received in Boston from a reliable correspondent in Constantinople:

"The Turks have induced some of the subsidized European papers to speak of these crimes as Armenian outbreaks, etc., but the ambassadors have full reports which they ought to publish that refute this and show conclusively that within a day or two after he signed the reform scheme he ordered the Armenians to be massacred in order that there should be no question of an Armenian majority in any of the provinces. The people sought the spoils obtainable and so did not execute the sultan's wish to the fullest. But the loss of life has been awful. Moreover, there seems to be no way of preventing more of the same sort."

"It is the most awful crime of the century, because it is so personally falsified by its authors."

"Everywhere the story is the same; a deliberate preparation, and then a story sent to Europe that the Armenians attacked the inoffensive Turks and were reduced to order after a few had been killed."

"Worse times are in store for us. Europe is divided in counsel and the Turks finding that nothing is done for this crime will go on to extremities. The highest moslem court has declared that the sultan can not lawfully be retained in the exercise of his will, since he is the representative of God for the whole earth."

"From 15,000 to 20,000 people have been slaughtered during the last month, and in consequence no less than 100,000 persons heretofore dependent on them for their daily food are now in want. The coming winter will witness a vast amount of suffering. It is not alone at Sassoun, but all over the land where these occurrences have taken place."

MUD VALVE BURST.

Scalding a Number of Tramps, Two of Them Fatally.

WASHINGTON, Ind., Nov. 26.—A terrible catastrophe occurred at the electric light plant Sunday night.

It is the custom of the company to allow tramps to stay all night in the engine room, and secure their aid in firing the boilers the next morning. Six tramps were asleep just above the boilers when the mud valve burst, throwing over a ton of boiling water and mud upon them.

A speedy investigation was made and the six unfortunates were found frightfully scalded. They were removed to the Western hotel, nearby, where Dan Evans of Colorado and an unknown man died in terrible agony a few hours later.

Frank Johnson of Kansas City was burned in a terrible manner and will die. The other three, Lawrence Ryan of Alton, Ill.; James Ryan of St. Louis and C. O. Lee of Worcester, Mass., are badly scalded, but will recover.

They were taken to the poor farm for treatment. The town is greatly excited over the terrible affair, and everything possible is being done for the injured men.

Constabulary Sued For Damages.

KOKOMO, Ind., Nov. 26.—Yesterday Henry Hoffman and Edward Bogue each filed \$1,000 damage suits in the circuit court here against Constable Finley O'Neal for false imprisonment, the actions growing out of the stone quarry murder mystery in which Charles Lowry was found with his skull crushed two weeks ago. Six persons, all told, were arrested for the murder. All were released after brief examination, not sufficient evidence developing to hold them. The remaining accused men also threaten to sue for false imprisonment. Officer O'Neal's bondsman, the Hon. J. N. Loop, is named as a co-defendant.

The Text "Good Citizenship."

FRANKLIN, Ind., Nov. 26.—The pastors of the various city churches preached on "Good Citizenship" Sunday at the request of the Good Citizens' league, which is making such a determined fight against the granting of saloon licenses. A majority of about five-sixths of the voters in the First ward have signed the petitions now being circulated against the applicants, and one of the latter, Isaac Hellerick, has given up the fight, and is making preparations to move to Gas City.

Blanketed.

OMAHA, Nov. 26.—From five to 10 inches of wet snow covers Nebraska today. Snow fell all night. All the country within 100 miles of Omaha has experienced the same storm, while from Chadron and along the line between the report was of a heavy fall of snow continuing for at least 12 hours. All of Nebraska seems to be included in the limit of the storm. Trains on all the roads were from one to five hours late on account of the storm.

Channel Service Suspended.

LONDON, Nov. 26.—The storm which has been raging along the British coasts since Saturday last continues and reports of many disasters are arriving here. The gale is so violent that it is not safe for the channel boats to leave port, and in consequence channel service has been entirely suspended.

UNION CITY, Ind., Nov. 26.—At Pittsburg Henry Warren, a wealthy farmer, heard some one in his barn and thinking it was a robber, fired. He four that he had killed a simple-minded fellow named McCoy, who had been sleeping in barns about the county.

VERY UNFAVORABLE

Will Be the Report on the Nicaraguan Canal Question.

LOOKS BAD FOR THE COMPANY

Conclusions of the Commission Show That the Secrets Let Out Hitherto Failed to Convey the True Import of the Findings. Surprise and Disappointment Must Follow Review of the Report.

NEW YORK, Nov. 26.—A special to The Herald from Washington says: A serious blow has been dealt the Nicaragua Canal company's project for the construction of a waterway across the isthmus by the report of the Nicaraguan canal commission. Inevitable delay and a further and more thorough investigation of the entire subject are declared to be necessary before even the engineering feasibility of the canal across Nicaragua can be decided upon.

Your correspondent is able to make public a review of the contents and the text of the conclusions of the report of the Nicaraguan canal commission. This report is now lying on the president's desk, and is being considered by him in connection with his annual message to congress. The report is at such variance with the numerous rumors and predictions which have from time to time been published concerning it, that it will cause great surprise and disappointment among those who have hoped for a generally favorable report, and who have, therefore, placed credence in these rumors, which usually stated "on the highest authority" that the commission favored the route proposed by the company, and placed the cost of the canal at about \$110,000,000.

The report points out that it is neither practicable nor advisable to attempt the construction of the Nicaragua canal upon the data at present available, and that the undertaking would be fraught with hazards too obvious to disregard.

That the necessary knowledge may be had of the physical and topographical conditions affecting the construction and maintenance of a canal across Nicaragua, upon which to form a final judgment as to the feasibility, permanence and cost, the commission recommends an appropriation by congress of \$350,000 for extensive additional surveys and examinations, covering a period of 18 months.

With the data at hand, however, the commission makes a provisional estimate of cost of \$133,472,893, or nearly double that of the Maritime Canal company's unconditional estimate of \$69,893,660.

The commission makes its estimate "provisional," for the commissioners say the existing data are inadequate as a basis for estimating the cost of many structures. Some portions of the work may cost more, others less.

The report says the official estimate by the company of \$69,893,660 is insufficient for the work; that "in several important cases, the quantities must be greatly increased, and in numerous cases the United States prices do not make proper allowance for the difference in cost of work between the United States and Nicaragua."

The general trend of the entire report is certainly very unfavorable to the canal company. The commission refrains from any direct criticism of the company's prospectus, but its report shows that certain features, which the company has persisted in assuring the public, through congress, were known to be absolutely safe and feasible, if put in execution might jeopardize the practicability of the whole system, and possibly destroy forever the hope of a canal by means of the San Juan river and Lake Nicaragua.

For instance, the Maritime Canal company has proposed to construct in Ochoa, on the San Juan river, 29 miles from Greytown, on the Caribbean, what is known as a "rock-fill" dam to hold the lake and river level at a navigable elevation, and divert the line thence from the river to the sea by a canal in excavating. This has, in fact, been one of the foregone certainties of the project, and the company has told congress that this enormous structure could be erected for \$977,273. The canal commission says a "rock-fill" dam can not be built in Ochoa for less than \$4,000,000.

The commission considers that too much time and pains were devoted by the company to ascertaining the topographical country, when it should have paid more attention to the finding of the feasibility of a waterway across Nicaragua and its cost.

The commission refrains from commenting on the company's methods of making its surveys, and, in a great many cases, its failure to make surveys. Certain features of its plans are commended. The report, however, presents many very interesting comparative tables, which appear to show the astonishing insufficiency of the company's data, the inexplicable smallness of the amount of work it thinks necessary to be done and consequently a comparatively modest estimate cost of construction and completion of the canal.

The conclusions of the commission are 18 in number. They refer largely to questions involved in the detailed construction of the work. Perhaps the most interesting portion of the report is the section which gives a comparative recapitulation of the cost.

MONTREAL, Nov. 26.—The earnings of the Canadian Pacific railway for the week ending Nov. 21 were \$603,000, as compared with \$460,000 for the corresponding period of last year; an increase of \$143,000.

It is rumored that the next Ohio Legislature will raise the Dow tax from \$250 to \$1,000. Maybe there won't be a big kick from the liquor people!

It is reported that the seat of T. S. Ward, of Harlan County, as Representative will be contested on the ground that when elected he was Master Commissioner of Harlan County.

REPRESENTATIVE KEIFER, of Minnesota, goes to Congress with a proposition to issue \$600,000,000 of 2 1/2 per cent. fifty year bonds, of small denominations, to be sold at the postoffices. A little sum like that is nothing in the eyes of a Republican Legislator.

TWENTY-FOUR States will not have a Democrat among their Representatives in the House at Washington. The Territories will all be represented by Republicans, and only four States will have solid Democratic delegations. And Thanksgiving comes Thursday. Well, Democrats can be thankful they are alive, anyhow!

That correspondent up at Enterprise was a little late but he caught on at last. A week ago last Saturday the boiler at Stamper's Mill, Lewis County, exploded killing Cyrus Kidwell and a man named Price and injuring others. The news was published a week ago in most papers. Saturday the Enterprise correspondent sent this out to the Enquirer:

ENTERPRISE, Ky., Nov. 23.—The boiler at Cyrus Kidwell's saw mill on the headwaters of Tygart Creek exploded to-day, and Kidwell's son and a companion named Jack Pierce were blown sixty feet. John Ellison was instantly killed, and three others seriously injured. The mill buildings were wrecked and burned. The cause of the explosion is a mystery.

LUCKY PERSONS

Who Get Places Under the Incoming Administration.

FRANKFORT, Nov. 25.—So far the only persons who are known to be positively slated for positions under the incoming administration are as follows:

Assistant Auditor, Frank H. Johnson, of Louisville.

Adjutant General, Col. Dan R. Collier, of Lancaster.

Deputy Register, Stanley D. Brown, of Louisville.

Assistant Treasurer, H. E. James, of Brownsville.

Chief Clerk to Commissioner of Agriculture, John M. Faulkner, of Lebanon.

Chief Clerk to Superintendent of Public Instruction, Prof. C. W. Bell, of Harrodsburg.

Steward of Eastern Lunatic Asylum, Wesley K. Cardwell, of Harrodsburg.

GENERAL HARDIN will probably locate in Louisville and practice law. It is rumored he will have Judge Tarvin, of Covington, as a partner.

THE ELECTRIC LOCOMOTIVE.

No Trouble For One of Them to Move the Heaviest of Trains.

A test made on October 6th has added a new record, says the Scientific American, to a list of remarkable performances of this locomotive. The character of the performance is heightened by the fact that the train which it moved measured over 1,800 feet in length and weighed about 1,900 tons and was started from rest in the tunnel. It consisted of a north-bound freight train of 28 loaded cars and two locomotives coupled to a local freight of fifteen loaded cars and one locomotive. In starting it is said that not a sputter, spark or slip of the wheel occurred, and the train moved with the same precision as if the circumstances had been of the ordinary character. The drawbar pull of 60,000 pounds is given as the record in this case. The train was quickly brought to a speed of twelve miles an hour and pulled through the tunnel without difficulty with the locomotive continuously exerting a drawbar pull of 40,000 pounds.

Railroad Earnings.

A report compiled by the Interstate Commerce Commission shows that 92 per cent. of the railroads of the United States, covering 650 roads, made gross earnings during the year ending June 30, 1895, amounting to \$1,003,022,853, of which \$293,463,792 was from passenger service, \$683,022,988 from freight and \$26,217,595 from telegraph, car mileage, etc. The operating expenses were \$677,667,635, leaving net earnings of \$325,355,218 as compared with \$320,137,670 for the same roads in 1894.

Long Names His Hobby.

Exchange: "Rev. Ralph Wm. Lyonel Tollemache-Tollemache, who died in England, was chiefly remarkable for his embarrassing generosity to his children in the matter of names. All of which is guaranteed to do you good and cost you nothing. J. James Wood's drug store.

THANKSGIVING.

That fields have yielded ample store
Of fruit and wheat and corn,
That night of restful blessedness
Have followed each new morn;
That flowers have blossomed by the paths
That thread our working days,
That love has filled us with delight,
We offer heartfelt praise.

What shall we say of sorrow's hours,
Of hunger and denial,
Of tears of loneliness and loss,
Of long and bitter trial?
Oh, in the darkness have not we
Seen new, replenishing stars?
Have we not learned some song of faith
Within our prison bars?

Not only for the earth's rich gifts,
Strewn thick along our way,
Her looks of constant loveliness,
We thank our God to-day,
But for the spirit's subtle growth,
The higher, better part,
The treasures gathered in the soul—
The harvest of the heart.

—Mary F. Butts, in Youth's Companion.

ACCIDENT Ins. tickets. W. R. Warder.

FRESH Graham flour at Old Gold Mills.

MISS ANNA CLAYTON continues seriously ill.

PETER H. CLARKE and Wm. Reake were on trial in the Circuit Court yesterday on charge of stealing a lot of hides from Wood Bros. The jury had not reached a verdict when court adjourned last evening.

The union Thanksgiving services will be held at the M. E. Church, Third street, instead of at the First Baptist Church. The furnace at the latter church is out of fix. The sermon will be by Rev. J. S. Sims.

From ten acres of land, accurately measured, A. W. Bascom, of Bath, has finished gathering 1,050 bushels of corn, says the Banner. This land was broken deep, the corn drilled, followed during the season by shallow cultivation.

ONE of the exhibits at the Atlanta Exposition this is attracting wide attention is a new passenger engine, built for the Chesapeake and Ohio Railroad Company by the Richmond Locomotive Works. It is a ten-wheel compound engine of great power, and when the Exposition closes it will be put into service on the Mountain Division of the C. and O. between Clifton Forge and Charlottesville.

THE Courier-Journal says an interesting story is out in Republican circles that an effort was made to induce Hon. A. E. Willson to withdraw from the race for United States Senator in the interest of Dr. W. Godfrey Hunter, and to take his chances on succeeding Senator Lindsay. Mr. Willson declined to get out of the way, as the chances of Kentucky remaining Republican long enough for him to succeed Senator Lindsay did not impress him.

MR. JAMES KIRK had an exciting experience out near Dr. Shackelford's residence on the Flemingpike Monday. He and Mr. Paxton Marshall were driving some stock along the road, when a colored man started to climb over a stone wall to keep the cattle from leaving the road. About twelve feet of the wall tumbled down and frightened Mr. Kirk's horse so badly that it went through a wire fence on the opposite side of the pike, taking the vehicle and Mr. Kirk along. The vehicle was then overturned, dumping Mr. Kirk down the hill. The horse was stopped after going through another wire fence. Aside from a few scratches, horse and driver escaped uninjured.

An Ordinance

To Provide For the Election of a City Attorney to Fix the Compensation For His Services.

Sec. 1. Be It Ordained by the Board of Council of the City of Mayfield, That at the regular meeting of the Board of Council in December, 1895, and biennially thereafter, there shall be elected a City Attorney, whose term of office shall begin on the first Monday in January following his election, and shall be for two years, and until his successor is elected and qualified.

Sec. 2. Be It Further Ordained, That said City Attorney shall receive an annual salary of four hundred dollars, and, in addition thereto, twenty per cent. of all fines and forfeitures assessed in cases in the Police Court of this city in which he appears and prosecutes. Provided, that said percentage shall be based upon only such fines and forfeitures, or parts thereof, as shall be actually collected, and his portion shall be paid to him by the officer collecting such fines and forfeitures. He shall receive no percentage or portion of fines and forfeitures worked out.

Sec. 3. Be It Further Ordained, That an ordinance entitled "An ordinance to provide for the election of City Attorney, and to fix the compensation for his services," adopted in Council January 4th, 1894, be and the same is hereby repealed, and this ordinance is adopted in lieu thereof.

Sec. 4. Be It Further Ordained, That this ordinance shall take effect, and be in force, from and after its passage. Adopted in Council November 21, 1895.

MUNICIPAL MATTERS.

Council Passes Several Ordinances at the Adjourned Meeting Last Evening.

All members of the City Council were present at the adjourned meeting last night, except Messrs. Ball, Ficklin, Piper and Keith. Mayor Cox presided.

The Alms House ordinance was taken up, given its second reading and after some amendments was passed, unanimously. The institution shall be under the control of a Superintendent, who is to be elected by Council annually at the regular meeting in December. The Superintendent is to furnish at his own cost sufficient and wholesome food for the inmates, and render all necessary care and attention, the city to pay him at the rate of \$2.50 per week for each inmate, payable monthly. A committee to be known as the Alms Committee, elected from the Board of Council, is to have general supervision of the institution.

An ordinance was passed regulating the giving of alms. No person shall be entitled to alms who shall not have been a bona fide resident of Maysville for twelve months, but the Alms Committee can give temporary relief to any one who is in great distress. No person who is a pauper or likely to become a pauper shall come or be brought into the city or shall gain a residence therein so as to become a public charge. The Mayor on information is to have notice served on such persons, and make the fact a matter of record.

The ordinance providing for the election of a Public Weigher, prescribing his duties and fixing his compensation was read the second time and passed. He is to be elected by Council at the regular meeting in December, 1895, and biennially thereafter.

An ordinance providing for the election of a Wharfmaster, prescribing his duties and fixing his compensation, was read and adopted. He is to have control over the wharves, public landings and beach of the city, and in caring for same is given police powers. He is to be elected by Council at the regular meeting in December, 1895, and biennially thereafter.

The Penal ordinance was then introduced and given its first reading. It contains ninety-nine sections, describing various offenses and fixing the penalty therefor. The rules were suspended, and the ordinance, after being considered section by section, was adopted as a whole.

Council then adjourned till next Monday morning at 9 o'clock when the retiring members will step down and out and the new ones will be sworn in.

Inauguration Excursion.

Inauguration excursion to Frankfort leaving Maysville Tuesday, December 10th, at 5 o'clock a. m., via L. and N. railroad, reaching Frankfort in time for Governor Bradley's inauguration. Returning leaving Frankfort that night. Fare two dollars the round trip, including the expenses of taking the Maysville band on the trip.

The train will make no stops between Maysville and Paris, and those desiring to avail themselves of the cheap rates must start from Maysville.

A meeting is called at the court house for Saturday night, November 30th, where those desiring to secure passage can do so by then paying the two dollars. In the meantime passage can be secured by paying two dollars to any of the following gentlemen: Hamlet Sharp, N. Cooper, Clarence Mathews, W. H. Lynch, M. C. Hutchins, Orlando Cox, R. A. Cochran, Jr.

AT Lexington in suit by the city against Police Judge Jewell praying an attachment against his salary for back taxes it was found that the Judge had made his salary over to J. M. Tanner and that the city could not levy on it. It leaked out that a number of other city officials keep their salaries made over to third persons in the same way.

WE've heard of thieves carrying off hot stoves and such things, but they are not up to the standard of a fellow out at Muncie, Ind. This "Hooseirite" would disdain to look at such a small thing as a stove. About two years ago a wealthy farmer, who resides east of Muncie, purchased a lot in Congerville, a southern suburb of that big city, on which he erected a two-story house at a cost of \$1,000. Thursday the owner went out to see his property. He was surprised to find the lot vacant, save a shed that had stood in the rear of the house. He has since been searching for his house, but has not located it. Some one moved it away, and even took the foundation. At least, a dispatch says so.

A BARGE STAGE

And the River is Still Rising at Pittsburgh—Good News From Above.

[Commercial Gazette.]

PITTSBURG, Nov. 25.—The general rain of the last forty-eight hours has brought the river up to a barge stage, and 700,000 bushels of coal, divided into seven tows, will start for the South in the morning. River men are jubilant.

At midnight the rain continues, and knowing ones are anticipating a boating stage very shortly. If this should prove true some of the largest tows ever seen leaving Pittsburgh will be put en route.

The scene along the levee to-day and to-night was a remarkable one. Thousands of river men gathered and canvassed the situation, boat supply houses were busy, and everything pointed to an extensive movement of coal for Southern points.

The Nancy passed up Monday afternoon with some "shanty boats" in tow.

The Courier up this morning for Catlettsburg and may go through to Pomeroy.

Steam was raised on the new Virginia Saturday and everything found satisfactory.

Captain Edgington has placed the Silver Wave in the Cincinnati and Chilod trade, temporarily.

The Lizzie Bay down last evening with a big trip. If there is assurance of a rise in Kanawha she will not leave Cincinnati until to-morrow evening.

The rains have not checked the fall at this point yet. The marks this morning show only 2 6-10 feet, a fall of one tenth since last report. The rain yesterday afternoon and last evening brought the creeks out pretty strong, and a better stage of water may be looked for in a few days.

THE Hon. Thomas S. Kirk, of Johnson County, will make the fight for the Chief Clerkship of the next State House of Representatives. His principal opponent in the contest will be Col. J. Speed Smith, of Richmond. Mr. Kirk has served two terms in the Kentucky Legislature.

BREKET of reason, foaming at the mouth, snapping and snarling at his attendants, Robert Powell lies at the home of his widowed mother on First street, a victim of the deadly cigarette, says the Henderson Journal. The young man is seventeen years old and until recently had been a student at the Henderson High School.

WINCHESTER Democrat: "A representative of a Maysville clothing firm was arrested and fined fifty dollars at Carlisle last week for selling clothing by sample without a license. The case was appealed and if Carlisle doesn't want to have a big suit for damages on hand with a large attorney bill as a side dish, the town would do well to compromise the matter at once. The United States Supreme Court long ago handed down a decision that no City Council had a right to levy a license on a salesman selling by sample, and wherever the matter has been tested the business men won."

GOOD FOR EVERYBODY and everyone needs it at all times of the year. Malaria is always about, and the only preventive and relief is to keep the liver active. You must help the liver a bit, and the best helper is the Old Friend, SIMMONS' LIVER REGULATOR, the RED Z.

Mr. C. Himrod, of Lancaster, Ohio, says: "SIMMONS' LIVER REGULATOR broke a case of Malarial Fever of three years' standing for me, and less than one bottle did the business. I shall use it when in need, and recommend it."

Be sure that you get it. Always look for the RED Z on the package. And don't forget the word REGULATOR. It is SIMMONS' LIVER REGULATOR, and there is only one, and every one who takes it is sure to be benefited. THE BENEFIT IS ALL IN THE REMEDY. Take it also for Biliousness and Sick Headache; both are caused by a sluggish liver.

CASTORIA

for Infants and Children.

MOTHERS, Do You Know

that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?

Do You Know that opium and morphine are stupefying narcotic poisons?

Do You Know that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

Do You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

Do You Know that Castoria is the prescription of the famous Dr. Samuel Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless?

Do You Know that 35 average doses of Castoria are furnished for 33 cents, or one cent a dose?

Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.

The fac-simile signature of *Chas. H. Pitcher* is on every wrapper.

RIVER MEN JUBILANT.

Large Stages Already Reached and the Rise Continues.

PITTSBURG, Nov. 26.—River men are jubilant. The general rise of the last 48 hours has brought the river up to a large stage, and 700,000 bushels of coal divided into seven tows started for the south this morning. Knowing ones are anticipating a boating stage very shortly. If this should prove true some of the largest tows ever seen leaving Pittsburgh will be put en route.

Even with every towboat taking their fullest capacity only a small portion of the coal waiting shipment can be gotten out on this rise. This will be appreciated when the fact is stated that 35,000,000 bushels—twice as much as was ever before accumulated here at one time—is ready to be moved.

The scene along the levee today was a remarkable one. Thousands of river men gathered and canvassed the situation, boat supply houses were busy and everything pointed to an extensive movement of coal for southern ports.

FINERTY WANTS TO FIGHT.

Declares They Will Take the Field as Soon as Possible.

NEW YORK, Nov. 26.—The Irish National alliance held a meeting at the Grand Opera House to ratify the action of the recent convention in Chicago. Ex-Congressman John A. Finerty made the address. Finerty compared the condition of America before the revolution with that of Ireland and said that the sympathies of the two countries were the same, but their opportunities were not equal. He stated in reply to the editorial criticisms that had been passed on the new movement, that Irishmen were not yet in the field, and should not be looking for sympathy from foreign countries until they were actually fighting. "If we are not yet in the field," said he, "we intend to be as soon as we can get there."

Resolutions were adopted ratifying the proceedings of the national convention and declaring sympathy with the efforts to win by any means the national independence of Ireland.

MAY UNITE.

The Reformist and Conservative Parties in Cuba—Traga's Body Found.

HAVANA, Nov. 26.—It is understood that the Reformist party is upon the point of making a fusion with the Conservatives. The only thing preventing the union is that Conde Mortera, the Reformist president, aspires to the presidency of the fusion party, as indicated in a recent letter, which he wrote to a prominent leader, Manuel Calvo. The Conservatives, however, do not care to sacrifice the actual president, Marques Apeztegui. It is thought probable that the Reformists will consent to Apeztegui's leadership.

Alaska's Gold Output.

SEATTLE, Wash., Nov. 26.—Alaska's gold output for 1895 is estimated by G. E. Swinehart, editor of the Alaska Mining Record of Juneau, to be \$3,000,000. Of this amount full \$800,000 has been obtained from placer mining alone, chiefly along the Yukon river. Mr. Swinehart says there are 15 mills with a total capacity of 500 stamps in operation.

Breckinridge Again in the Ring.

LOUISVILLE, Nov. 26.—A special to The Post from Frankfort says: Colonel W. C. P. Breckinridge of Lexington, it is now understood, will make the race for congress in the Seventh district next year. It is said that he has told his friends that he will make the race and that he expects to win. During the late campaign Colonel Breckinridge stumped the district for the Democratic state ticket and everywhere drew immense crowds.

When they put a man in jail, he cannot follow his natural inclinations. He cannot eat what he wants to—he is limited to a very frugal diet. Is it not equally true of a dyspeptic? For all of the real enjoyment he gets out of life, he might as well be in jail. He cannot eat what he likes, nor enough. He suffers much, gets little sympathy. At first, perhaps, a little heaviness in the stomach, a little sourness, windy belchings and heartburn; headaches and biliousness and a foul taste in the mouth in the morning. Chronic constipation is almost inevitable, and means that the body is holding poisonous, impure matter that should be gotten rid of. The poison is being reabsorbed into the blood and the whole body. Impurity in the blood may lead to almost any disease. Constipation is the start of it all. Dr. Pierce's Pleasant Pellets cure constipation, cure it so it stays cured. No other remedy in the world will do that.

Couldn't Get a Crowd.

VERMILION, Ky., November 25.—Professor C. C. Cline, the A. P. A. lecturer, arrived here Saturday morning and announced he would lecture at the court house Sunday night. He is said to have sent a note to all the clergymen of the city asking them to announce his lecture from their pulpits. This they did not do, from some cause or other, and when Mr. Cline went to the court house there was not a person in sight. The doors were locked and the lights were out. He did not lecture.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

THANKSGIVING

Is at hand, and don't forget that you can get every thing you may want for a first-class dinner at my house.

"GRASSLAND" FARM

Near Lexington, Ky., to Be Sold.

I offer at private sale for a short time this magnificent farm, the homestead of the late Maj. Thos. H. Shelby, father of the undersigned, located nine miles from Lexington, near the Richmond turnpike and bordered by the Walnut Hill pike and the Jack's Creek pike, and containing about

723 ACRES

of unsurpassed Land, of which about 460 acres in virgin Blue Grass, mainly covered with fine and valuable timber.

Abundant and never failing supply of water from natural sources, well distributed, and rendering this the best watered farm in Kentucky. Excellently fenced and subdivided. Handsomely and substantially improved with

A Commodious Two and a Half Story Brick Metal Roof Mansion,

and suitable barns, outbuildings, cistern, etc. Fine orchards and gardens. Soil strong, rich, well cared for, produces 1,500 to 2,000 pounds of tobacco per acre and other crops in proportion. Will sell as a whole or divided.

373 Acres with the improvements, remainder in one or two tracts.

No such farm in extent and superior quality for sale. It is a portion of the noted 4,000-acre purchase made by Gov. Shelby in the early history of the State; has been in the Shelby family ever since. It is in the very center of the famed Bluegrass section of the State.

Send to the undersigned, or Col. J. E. Delph & Son, Lexington, Ky., Managers of The Kentucky Blue Grass Land agency, for circular giving price, terms and all necessary particulars.

ISAAC P. SHELBY.
